

Certification Services

The National U.S.-Arab Chamber of Commerce (NUSACC) is the only business entity in the United States with official recognition conferred by the League of Arab States and the General Union of Arab Chambers of Commerce, Industry, and Agriculture.

NUSACC assists U.S. exporters to the Arab world with all their certification and legalization needs. When certifying commercial and legal documents, it is essential to have the correct documentations and authentications to ensure proper and timely processing of your documents. Errors in documentations are likely to cause costly delays. For commercial documents, such errors may also result in heavy fines as well as delays in clearing of goods and shipments at ports of entry.

NUSACC verifies that all necessary documents are complete and correct prior to submission to Arab Embassies and consulates and ensures conformity with regulations required by these embassies for exports shipped to the Arab World.

NUSACC enjoys close working relationship with the Arab Consulates in Washington, DC and across the United States and currently provides certification services to almost all Arab embassies in the United States.
